

# Climate Solutions Scavenger Hunt

Climate solutions are all around us, but sometimes we don't realize it. The following list is a bunch of climate solutions that you should try to discover over the course of climate solutions week. Some are easy, others require some research or action, but everything is findable in the Hudson Valley. **Take photos** of them as you go!

Ways to participate:

- Just take this list and do it on your own!
- Post photos on Social Media of your choice with hashtag **#hvclimatehunt** (we'll be watching on Instagram, Bluesky, and Mastodon)

This is about discovering what's in the area, and learning more about the climate solutions at play.
